Japan's first idol activity class performed by "School of Music College" authorized by the Ministry of Education, Culture, Sports, Science and Technology

That is the SO.ON project! SO.ON project

SO.ON project is the school "Osaka School of Music (OSM)" came out from entertainment industry.

Fukuoka School of Music (FSM) "Tokyo School of Music and Dance College (TSM)"

SSM- Sapporo School of Music and Dance School (SSM) "Koyo School Of Music & Dance, Kobe (koyo)"

It was born from the "idol class" conducted by the "Nagoya School of Music and Dance (NSM)"

Japan's first idol group!

Members are learning the skills they will need in the future who have various dreams and goals, such as to be a singer, a dancer, an actress, and a model, engage in idol activities as the SO.ON project.

Classes started in Osaka in 2011, Fukuoka in 2015, Tokyo in 2016, Sapporo in 2017, Kobe in 2019, and classes have also been held at the Nagoya since October 2020, and currently there are more than 400 members who are in the 1st to 3rd grades of high schools from 6 cities. They are known as students who entered on 11th year after the school opened.

So far, they have performed at "Okinawa International Movie Festival" and "SUMMER SONIC OSAKA", and has also performed in Shanghai. Also, they performed as a goodwill ambassador for the sister city exchange of Osaka and Milan at the "Milan International Exposition (Milan Expo)" held in Italy. Beyond the framework of classes, there are a wide variety of activities.

A regular performance entitled "LIVE after school" was held at Osaka-jo Hall in 2016 as a soli performance.

In February 2021, which celebrated its 10th anniversary, a limited-edition performance "History Live" was held by connecting broadcasts nationwide!

Recorded over 10,000 views.

So far, 14 singles and 2 albums have been released, and the national distribution board has been ranked in the Oricon chart.

We will continue to expand the field of activities and bring smiles and energy to everyone who sees it! Please keep an eye on our upcoming SO.ON project!
